Eleuthera, Bahamas

Perched on sculpted limestone cliffs, this exclusive boutique retreat overlooks the crystalline waters of Governor's Harbour. The 270 acre property is easily accessible thanks to its marina, featuring two slips for yachts of up to 180ft. It has recently expanded its collection of one and two bedroom colonial-style villas from four to 12, with views along its pristine beachfront under shaded verandas. Lounge poolside with a cocktail at sunset, or dine on fresh cuisine at Eleuthera's famed 1648 Island Restaurant - don't miss the surf and turf burger or the mango mahi mahi. frenchleaveeleuthera.com
