

## RENEWAL IN LOS CABOS

After months of rebuilding and beautification in the wake of Hurricane Odile, luxury resort One&Only Palmilla reopened in April. Located at the tip of the Baja Peninsula, the exclusive hideaway offers 16 types of lux accommodations – all facing the sea – and top-notch cuisine, including a new fine-dining restaurant by Chef Jean-Georges Vongerichten. Known for bringing Hollywood movie stars to Los Cabos in the 1950s, the resort today offers low-key glamour to guests at its signature spa, wellness

and beauty center, run by L.A.-based Jonathan and George Salon. Leisure activities include a 27-hole Jack Nicklaus signature golf course, tennis, basketball, watersports and cabanas on the beach. The closest marina is Marina Cabo San Lucas, about 18 miles away. It features 380 slips and accommodates vessels up to 375 feet with a 24-foot max draft. Amenities include 24-hour security, ultra-modern fuel dock, and access to cable TV and wireless Internet.
